NEOPRENE WAISTBAND

Everlast waistband designed to help you lose weight.
Preserves body heat and promotes water loss during exercise.
High-quality neoprene construction.
Comfortable and lightweight, easy velcro closure adjustable fit
It provides extra back support when walking or exercising.

NEOPRENE SUPPORTS

NEOPRENE WRIST SUPPORT

The everlast neoprene wrist support is made from high quality neoprene rubber which provides constant uniform compression and support.

It also retains warmth which increases blood circulation to the injured area therefore promoting natural healing and comfort, in addition the warming effects on muscles and joints increase flexibility to help prevent sporting injuries.

X2mts

STICKS TO ITSELF, NOT TO SKIN OR HAIR

Self-adhesive Design: these elastic bandages are far better
than the non-adhesive ones as they have self-adhering ability
so that the tape doesn't loosen and fall off easily.
Great therapeutic value: our tapes are sterile and they have
great medicinal value, which is good for swelling, sprain and
general soreness.
